

SCHWEIZER SERVICE INFORMATION LETTER

L-151
10/5/90

It has come to our attention that the last printing of the 269 Notice and Letter Set, which was received in house in January, 1990, had some errors made by the printer:

1. Temporary Revisions R-14 through R-19, which up until now have been issued with N-228, were printed on blue border Service Information paper instead of blue Temporary Revision paper. The content of the revisions is correct; however, if you wish to have new ones sent to you on the correct paper, please advise us.
2. Precision Airmotive Corporation Service Bulletin PRS-91 should have accompanied N-230. This is also available upon request.

If you wish to request the items listed above, please contact the Product Support Department.

SCHWEIZER AIRCRAFT CORP.

A handwritten signature in cursive script that reads 'David J. Roemer'.

David J. Roemer, Group Manager
Helicopter Program Offices
